At a meeting of the County Commissioners of the County of Hampshire, held by adjournment at Northampton, in said County, on the second Tuesday of August in the year of our Lord eighteen hundred and ninety three.

Whereas, on petition of J. W. Flint & W. Felton & L. H. Webster Road Commis^{rs} of Enfield presented to said Commissioners, at a ^{special} meeting thereof, holden as aforesaid, on the twentieth day of April A.D. 1893 representing and setting forth, that by vote of the town of Enfield, at a legal meeting holden March 20th 1893, said Road Commissioners were instructed to petition the County Commissioners for the good of the public to relay or rebound the road leading from Belchertown to Greenwich: commencing in front of E. W. Moore's house running in a northerly direction to the house of S. J. Thurston. Also the road leading from Enfield to Ware commencing at the line of the above named road near the store of C. D. Haskell and running in an Easterly direction to where the two roads come together, near the house where J. R. Ellis lives as by said petition on file will appear.

The said Commissioners, deeming a view of the premises expedient, appointed Friday the twenty ~~sixth~~ sixth day of May then next and nine o'clock in the forenoon, at the Swift River Hotel in Enfield as the time and place for viewing the premises; and caused a copy of said petition to be served upon the clerk of the town of Enfield, being the town within which such relocation or rebounding of highway was prayed for thirty days at least before the time appointed for said view; and also having caused copies of said petition to be posted in two public places in said town; and also having given notice to all persons interested by causing a like copy to be published three weeks successively in the Hampshire Gazette a public news paper published in said County, said posting and last publication of said copy having been fourteen days at least before the time appointed for said view; and before said view was had, said Commissioners gave notice in like manner as described in the foregoing notice of the petition, to all persons interested of the time and place for commencing said view. And on the said twenty sixth day of May the Commissioners at the time and place aforesaid, did proceed to view the premises; and having viewed the same and heard the parties at the time of said view the further consideration thereof was deferred till the next regular meeting of the Commissioners, held at Northampton aforesaid, on the Tuesday after the second Monday of June then next. At which meeting said Commissioners proceeded to consider the same, said Commissioners did adjudge that common convenience and necessity required the relocation and rebounding of

the highways as prayed for in said petition: viz. on the road leading from Belchertown to Greenwich commencing in front of E. K. Ashmun's property in Belchertown and running E. by S. to the house of J. S. Thurston. Also on the road leading from Enfield to Ware commencing at the line of the above said road near E. D. Haskell's Store and running in an Easterly direction to near the house where J. S. Kodish lives to where the two roads come together. And after adjudicating as aforesaid said Commissioners appointed Tuesday the twenty fifth day of July then next and nine o'clock in the forenoon at the Swift River Hotel in said Enfield as the time and place when and where they would meet and proceed to locate the boundary lines of said highways as the same are shown on the map and notice of the adjudication and the time and place appointed for the location of said boundary lines of highways in the same manner as the notice and publication was given and made, and as is by law in such cases made and provided, before proceeding to view (except publishing an abstract of said petition instead of a copy thereof) on the twenty fifth day of July and on the twenty day of August next and proceeded to locate and determine the location of boundary lines of highways as aforesaid.
